

Paper ID	Title	Primary Contact Author
2	Visual scan-paths of faces with happy and sad facial expressions support the Hemispheric Lateralization Hypothesis and zonal preference: an eye-tracking study	Mukhopadhyay, Dyutiman
3	EYE-HAND COORDINATION IN VISUAL SEARCH	Jana, Sumitash
6	Multisensory perception, but not multisensory stimuli drive the activity of posterior superior temporal sulcus (pSTS)	Mukherjee, Abhishek
16	Cognitive load mediates the effect of affect on prospective memory task performance	KUMARI, SUSHMA
19	Dissociation between attention for target selection and eye movement control	Ray, Supriya
21	Standardization and Convergent Validation of the State Trait Anxiety Inventory with Personality, Affective Control and Risk Propensity	Joshi, Garima
24	Use of MAAT-K in treatment of underlying language impairment to overcome perseveration: A case study.	V, Rachel
25	Functional MRI Investigation of Emotion and ex post Decisions during Decision-making Under Risk	Pammi, V.S. Chandrasekhar
27	Differential involvement of ventral and dorsal visual streams in “novel” and “practiced” visually guided actions	RAY, DIPANJAN
28	Eye movement measures while reading different types of Kannada words: comparison between children with and without Dyslexia	KRISHNABAI S, ASHWINI
29	Effect of language proficiency on proactive oculomotor control among bilinguals	Singh, Jay Prakash
30	Matching Law and Win-Stay Lose-Switch Strategy in two alternative decision making	Chawla, Manisha
31	The Effect of Category Entropy and Defining Feature Saliency on Word Concept Generalization	Thomas, Sujith
34	Interaction between working memory maintenance and conflict resolution	Kenderla, Praveen
37	Neuro-cognitive mechanisms of affective conflict adaptation: An event related fMRI study	Kar, Bhoomika
41	Recurrent on-center off-surround neural networks and human visual system: a computational framework	Sengupta, Rakesh
43	Emotional judgment, but not emotional content influences task performance	MISHRA, ASHWANI
45	Effect of Emotions on Temporal Resolution	Pradhan, Rujuta
53	Intending happy and angry expressions influence Sense of Agency	Sarma, Dhrub
54	Concentrative Meditation Results in a Local Bias	Singh, Amrendra
59	Whole brain structure-function analysis predicts impacts of aging in cognitive functions	Roy, Dipanjan
60	Domain Differences in Decision-making: Standardising Outcome Magnitudes	Basu, Amita
61	Spatial versus Spatial Processing in the Visual space near the Hand	Thomas, Tony
62	Global-local attention affects stress and coping	Tewari, Shruti
64	Cognitive Ontology and Neurophilosophy of the Sense of Agency construct	Nagireddy, Neelakanteswar Reddy
66	Temporal Integration in Global and Local processing	Hajare, Nilambari
71	Role of Motivational Factors in Dynamic Security Games: A Behavioral Game-Theoretic Approach	Dutt, Varun
76	Experience – Description Gap in a Stock Market Investment Game	Sharma, Neha
